Involving your team in your Improvement Action Plan

A template for an 'Improvement Action Plan' is found overleaf, use your own style of plan if you prefer. If you need support or more information on this, ask your HR Partner initially.

First steps:

- > Arrange team briefing/s and ensure everyone involved; openly share detail from your team report
- > Provide at least one example of a team strength, and at least one improvement you can make personally
- > Engage with entire team, seek further improvement ideas, and gain commitment to act together

As a result.....

1. Plan

- > Plan and openly commit to clear actions using your team's and your ideas.
- > Set dates when you will all review as a team the agreed improvements.
- > Review your scores on page 2 and plan how you will build further everyone's involvement throughout the year ahead (including new colleagues).

2. Prioritise

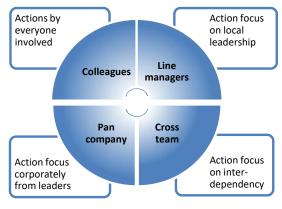

- > To prioritise your actions, it may help to firstly consider those questions:
 - with the lowest scores (below 60), that are actionable 'within your team, or your control'.
 - that start with the word/s 'My manager' and score below 65 (especially if score has fallen).
 - with your team's most improved scores so you know what to continue doing.
 - in which team members' scores differ by more than 5 points from the team average ask HR for a '4 way leadership' report for more detail on this.

3. Involve

- > Agree which actions you will lead and which team members will lead and start them as soon as you can.
- > Communicate regularly, and ensure everyone is involved in actions, with ongoing support.
- > Agree how you will ensure ongoing improvements are tied into everyone's objectives and development, including new staff.

Within a month of receiving your report, start a few priority actions and share with your HR Partner your draft Improvement Plan

Focus your actions using the reporting filters (p3-6)
