

Happy Monday everyone,

I hope you all managed to get a bit of recovery on the glorious weekend that just was, after a(nother) monster week.

### **Lead Team**

This week I am delighted to let you know that some lead team decisions, which I am hoping will bring some comfort.

As you know Liz was already set to retire in July. Ange Pym has agreed to step into the Lead Nurse role as an interim measure.

Andrea Priestley is also committing to her role as Lead GP at CKMP.

This is great news for the practice.

### **CKMP Transition - Staff Information Hub**

I am sharing below a link. Here will be copies of the communications sent and TUPE FAQs which will be updated here as we go. You can also click on the One Medicare Website through here if you want to learn more about them.

Please have a look and let us know if there is anything else you would value having on here.

Your line manager is there to support you and keen to hear from you if you are struggling. On the Hub there is also the details of the EAP for you to contact if you need some external support, and also our button for reaching out internally for some extra support from the wellbeing team.

Please do use it if you are struggling in any way. We would be glad to hear from you.

<https://www.radar-brisdoc.co.uk/ckmp-hub/>

Please talk to your employee reps if you have any questions or feedback that you want them to bring back to us.

Have a good week.

Best wishes,  
Caroline
