## Discover the Benefits of Becoming an Employed IUC GP with BrisDoc

With our focus on flexible working and our range of tailored employee contracts, our employed GPs gain all the benefits of employed work whilst retaining the perks of being self-employed.

Our employment contracts are designed with **Work-Life Balance** in mind, appealing to those juggling professional and family commitments or those with busy social lives. We are pleased to offer the following options:

### GP Flex

#### Option 1:

#### Our Most Flexible Package

This zero-commitment employed contract is ideal for GPs looking to transition from self-employment to an employed role while retaining maximum flexibility. This package offers numerous benefits designed to support your professional growth and personal well-being.

### GP Plus

#### Option 2:

#### Where Flexibility meets Benefits

Ideal for those looking to transition to an employed status whilst maintaining a regular but flexible work schedule. Offering balance between flexibility and commitment, providing additional benefits to enhance your professional development and work-life balance.
